

# DIESEL GALA WEEKEND

“Diesels through the decades”

Another classic two-day event featuring heritage diesel traction and including the preservation debut of recently restored **Class 33, 33002 “Sea King”**

In 2009 the South Devon Railway celebrates 40 years since the re-opening of the line between Buckfastleigh and Totnes. During that same period there have been many changes on the national rail system. This year our summer diesel gala will reflect some of these changes with locomotives and rolling stock in liveries that represent the diesel era in the 1960's, 1970's, 1980's and 1990's.

Other locomotives in use include: **20110, 20118, D7612, D6737 and Class 122 & 127 D.M.U's**
