

REAL ALE FESTIVAL & 1960's WEEKEND

FREE
FESTIVAL
ENTRY

Real Trains - Real Ale - Real Atmosphere

STAVERTON STATION

South Devon Railway

Saturday 25th May

to

Monday 27th May

Located at the idyllic Staverton Station, the Devon Diesel Society's annual Spring Real Ale festival will once again feature many local and national real ales, along with a selection of traditional ciders, all served from the Society's own bar located in the station goods shed, and at a competitive £2.80 per pint. Soft drinks and light refreshments will also be available and there will also be a PIMMS tent in the main station yard.

There will be a frequent train service running to and from Staverton as part of the South Devon Railway's 1960's gala with both steam and heritage diesel locomotives in use, including one of the last steam locomotives to operate on the London Underground network. In addition to the normal passenger services, demonstration freight and engineers trains will also run, and there will also be a small display of rolling stock in the station yard at Staverton. Trains operate from 09.25 each day until the early evening.

A London Transport Routemaster bus operates additional road services during the event, including a late service to Newton Abbot on both Saturday and Sunday.

Proceeds from the event go towards the upkeep of rolling stock and buildings on the railway. .

Bar Open

11.00 until 23.00 (18.00 Mon)

B-B-Q Saturday Evening

Quiz Sunday Evening
